## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Warren:

I have the pleasure to submit herewith my first report of the schools of Warren. I have found the schools in good condition and have tried to continue the work so well begun by your former superintendent.

We may consider ourselves very fortunate in retaining nearly all of last years teachers. Miss Ernestine Bolduc attended the Summer sessions of six weeks at the Plpmouth Normal School. The courses offered at Plymouth and Keene are of great value to the teachers attending them, especially to those having experience but no normal training.

No one realizes better than I that a superintendent's first year in a district should be a time of getting acquainted, rather than a period of radical changes. With this in mind I have tried to make myself familiar with matters pertaining to schools and to follow as closely as possible for the present the plans of my predecessor. Mr. Rhoades' courtesy in making me acquainted with the schools was most helpful.

I regret that more parents have not visited the schools. It should always be understood by them that they are most welcome at all times. A helpful spirit of cooperation would be warmly fostered if parents would know teachers better and talk with them more, for while a laymans advice can not always be followed, it is best that a common understanding of purposes should exist.

The attendance last year was 89 per cent of the membership. The average for the state is 92 per cent. There were 127 different pupils registered last year in the district. Thus far this year 113 have been registered.

The following pupils were perfect in attendance last year for three terms: William Smith, Bernice Lupien, Arthur Hight, Milton Pickard and Tina Morrison; perfect in attendance for two terms, Althea Gould, Edward LaBell, Prescott Blake, Arden Mason, Clyde Beaulieu and June Cutting; perfect for one term, Frances LaBell, Orden Mason, Joseph Ladeau, Hildergard Gould, Leo Derosia, George Harvey, Loren Head, Lois Merrill, Cora Flanders, Raymond Avery, Ora Barry, Edna Gallant, Mildred Hunkins, Iva Wright, Roy Wright, Elmer Heath, Jesse Merrill, Ralph Moses, Lila Goodwin, Douglas Morrison, Thelma Bancroft and Lewis Bancroft.

Miss Underhill of Woodsville is acting as school nurse. We note that parents are paying heed to the notices sent them regarding defects as is indicated by the number of defects that have been corrected. If your child is backward in school, note carefully the report sent you by the nurse, and if defects are found by her have a careful examination made by a physician and have the trouble removed if possible. No pupil can do the mental work of the schools properly, if physically handicapped.

The toilets at the Village School are in very bad condition. Some measure must be taken in the near future to remedy this. A majority of schools similar to ours have installed chemical toilets and they are without an exception considered entirely satisfactory. I hope it will be possible to install chemical toilets at the Village School next Summer.

I wish to thank those Citizens as well as the members of the School Board, who from time to time have given an appreciative word to the teachers and myself. We are striving to give you good schools and need your support.

Respectfully submitted,

WILLIAM J. NELSON, Supt.
